

Volunteer Profile

Tera Stefanek

Tera came to the Nursery just 3 months ago as a volunteer in the new afternoon Pre-dler program from the National College of Naturopathic Medicine where she matriculated, graduated, and worked. Seeking coaching and experience working with children, she was paired with our one-and-only Shirley Carpenter until she got her “pre-legs” and since has been a tremendous asset to the children and the staff. Living with her husband Isaac in SE Portland, Tera is simply ‘tera-iffic’! Welcome to the family, Tera!

Tera Stefanek Shirley Carpenter

*April is Child Abuse Prevention Month
...and our 20th birthday! Come celebrate with us!!*

Not really Roho

This month we'll be celebrating our 20th anniversary as a Relief Nursery (actual date is the 15th) on Friday the 13th here at the Nursery. Like most everything we do, it's pretty low key and family oriented. We plan to cut cake, sing songs, play games, and enjoy each other's company. Rumor has it there may even be a special visit from our favorite camelid, Roho the llama!

Volunteers...goings

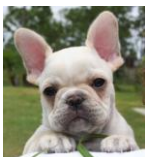

In March, we said goodbye to Abby Stevens (off to have her own baby!) and Courtney Holland (going to the Home Free program). They will be missed!

Volunteers...comings

March marked the beginning of a new Music program here at FRN. Thanks to a generous grant from parties unknown, we are hosting (3) three musicians from a program called Pickleberry Pie. Greta, Anne-Louise, and Mark will each spend some time serenading and engaging all of our children in each classroom through the month of April.

Mark Hanson & Samuel

Not really Roger

We're also welcoming in two new Pet Partners! Thanks to the Pet Partners program, our ever active children will be 'paws-ing' to pet Sasha, a beautiful German Shepherd mix, and Roger, a gorgeous French Bulldog – on separate days of course.
